

Q: Why are you changing your name?

A: When we began in 2022, we took the name of one of our sister companies, PremierFMS. It allowed us to quickly begin serving our community and neighbors. Now that we have been around for several years, it's important to us that we create our own identity. One that represents our community and neighbors. Our new name allows us to have our own website and social media to create content specific to Utahns.

Q: Why WasatchSD?

A: We believe the name strongly represents our community and neighbors. Wasatch is a core part of Utah. We felt this aligned with us and our ties to the people of Utah. SD represents Self-Direction. Including SD in the name demonstrates our advocacy to the community.

Q: Do I need to do anything?

A: No. You do not need to do anything. PremierFMS emails, phone, and fax will continue to work. Staff are not changing and are always available to answer your questions.

Q: Will anything change for me?

A: No. There will be no changes affecting you; operations will continue as usual including our staff.

Q: Will any contact information change (phone, e-mail, etc.)

A: Phone numbers will remain the same.
You will begin to see emails from us that end with @WasatchSD.com. But, no fear, our old email addresses will continue to work.

Q: Should this concern me or require action on my part?

A: No. This is an exciting change and there is no need for concern. There is no need for any action on your part.

Q: Is the staff in changing?

A: No. There will be no changes to the team that supports you.

Q: Will I need to complete new paperwork?

A: No.

Q: Can I continue to submit PremierFMS paperwork?

A: Yes. We will accept PremierFMS paperwork.

Q: Can I still submit PremierFMS timesheets?

A: Yes. PremierFMS timesheets will be accepted.
